

Conversio Health's program is available to all Umpqua Health Alliance members.

Our goal is to help you breathe easier and live fuller.

Do you or your child have asthma?

Umpqua Health Alliance has partnered with Conversio Health to help patients with asthma breathe easier.

Conversio Health is a specialized breathing support program for people with asthma. We are an approved partner of Umpqua Health Alliance.

You can get this information in other languages, large print, braille, or any format you prefer. You can also ask for an interpreter. This help is free. Call 866-239-3784 (TTY users dial 711). We accept relay calls.

Are you tired of missing days of work because your child is having an asthma attack?

Do you want to make sure your child gets the care and support they need?

Conversio Health can help you get your child's asthma under control.

Conversio Health is a specialized breathing support program for people with asthma.

We help people with asthma breathe easier. Conversio Health works with you, your family members, and your doctors to improve your breathing and well-being.

Conversio's entire health care team is focused on giving you the best quality of service possible to treat asthma.

Our SmartCap device will show you the correct way to use inhalers. It can also measure your breathing to monitor your progress and share information with your doctor.

What will you receive from Conversio Health?

Inhalers and custom-made breathing medicines

Smart devices that are easy to use and allow you to share data with your doctor

Free & fast delivery of your breathing medicines, smart devices, and supplies right to your home

Easy ordering through text, email, phone, our app, or at conversiohealth.com

Support from our health care team who work with you and your doctors to improve your family members' breathing

The Conversio Connect app that keeps track of your medications, reports your smart device readings, monitors air quality, and gives you rewards
